Brand Story

The earth, our only home, we build together. Since the first industrial product occurred, the earth always suffers from the industrial production: sky, not that blue; air, not that fresh; water, not that sweet. Based on that, the theme of energy saving and environment protection is strongly advocated and also becomes the development direction of the modern industry.

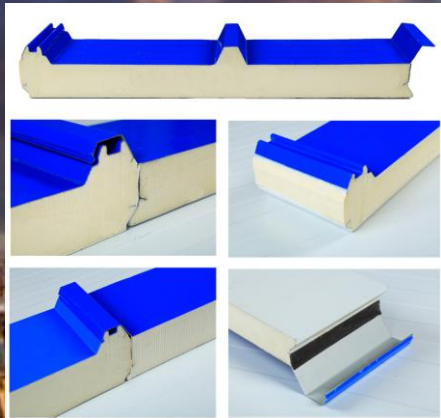

As a modern enterprise, BRD Company has devoted itself to the research and development of new energy-saving environment-friendly building materials since 1995 when it was founded. In 2012, in order to carry out the promotion into a higher level, BRD company purchased a new factory area of 120,000 square meters, introduced several Italian totally automatic production lines and adopted Chinese Total Productive Management System. Till now, BRD has developed 5 main products: sandwich panel, exterior insulation decorative integral panel, mezzanine steel bar truss deck, steel structure and light steel villa. Compared with the wood and bricks, these materials perform outstanding in both practical applications and the environment protection. Please join us and believe that to use energy-saving materials is to build our home beautiful together.

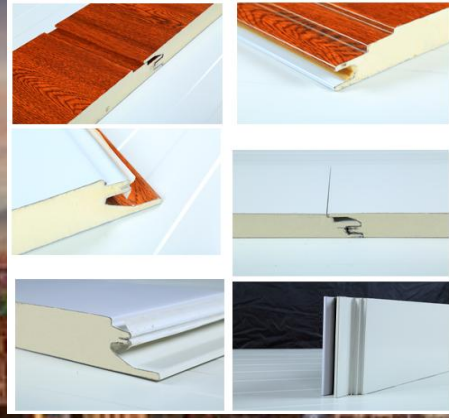

Our Products

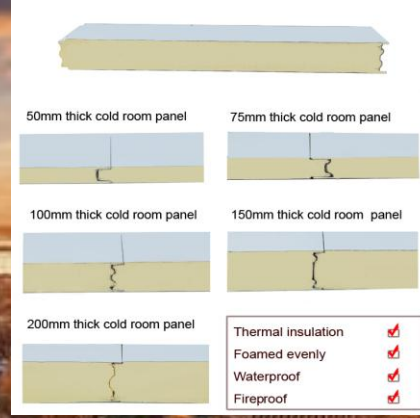

Polyurethane panel

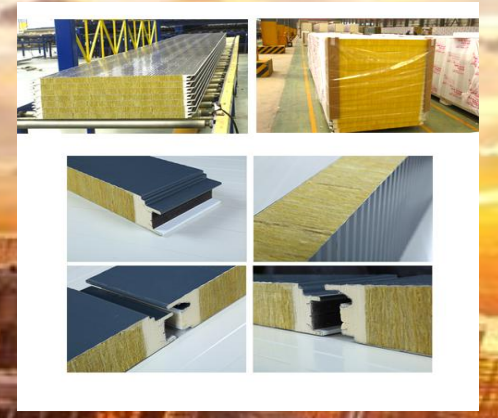

PU roof panel

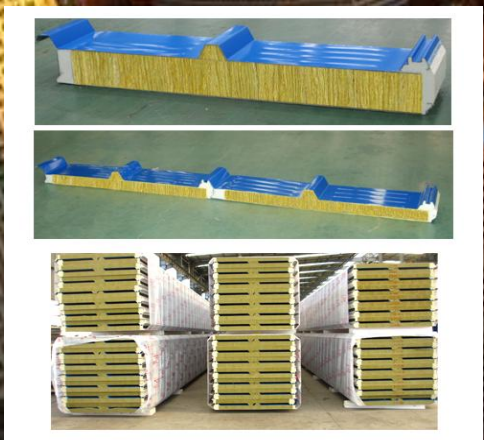

PU wall panel

PU cold room panel

Rockwool, glass wool wall panel

Rockwool roof panel

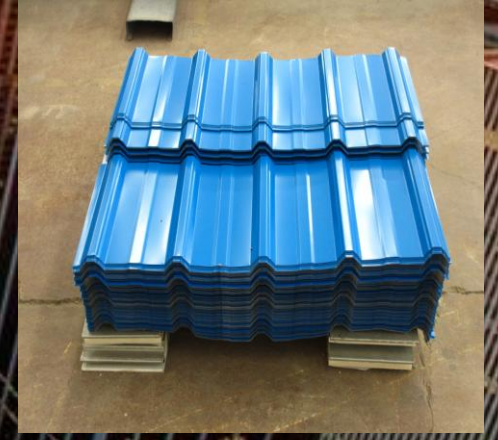

Exterior decorative wall cladding

Metal deck

Steel structure

Steel tile

Customer Show

We have many customers visited factory,like Korea,US,UK,NewZealand,Thurkm enistan,Australian,India,Russia,Finl and,Canada,Sweden,Kosovo and other countries, and they gave us high praise for professional designers ,the machine is advanced and the raw materials is high quality.

Welcome to visit our factory ~!

We had been attend ASEAN (Bangkok) China Import&Export Commodities Fair and 119th Canton Fair, customers were interested in our products and gave orders at the site, so don't worry , we are your first choose!

Global Market Distribution

Company Culture

As a respected enterprise, it is definitely necessary to enrich workers' life of their spare time and help those weak social groups, so BRD always makes efforts in this aspect. Every year BRD organizes parties, some tourism activities and sports games.

Core Value

Making friends with honest, developing enterprise with reputation.

Public Benefit Activities

Hope Primary School

Made funds for the hope school in the poverty-stricken area

Donate Blood

Workers actively participated

Visit Welfare House

Donated money, books and clothes to some orphanages.

An aerial photograph of a city skyline, likely Chicago, with a prominent blue overlay. The text "Welcome to our factory!" is written in white, bold, sans-serif font across the center of the image. The background shows a dense urban landscape with numerous skyscrapers and a large body of water in the distance. The blue overlay is a semi-transparent, geometric shape that covers the top and right portions of the image.

Welcome to our factory!
